GTAI Session @ Integrated Energy Plaza 2018 - Hannover Messe 2018 | © GTAI

HMI 18 - Integrated Energy Plaza

This session organized by Germany Trade & Invest – GTAI informed with following speakers about business opportunities in the German energy market. It provided information for international companies about the status quo of the German energy transition, about grid optimization, energy storage and the charging infrastructure for EV-Cars.

Please find the presentations held during the event below. Feel free to contact our industry expert for more details on the German energy market or to discuss expansion projects!
