The initiative HEALTH MADE IN GERMANY, operated by Germany Trade & Invest, will be present at FCE Pharma 2018, the main marketing, communications and sales platform for the pharmaceutical industry in Brazil. Schedule a meeting with HEALTH MADE IN GERMANY to find out more about how we support companies and organizations from abroad that are interested in finding German partners and suppliers from the pharmaceutical and medical biotechnology industries.

Our focus at this year's event is to give you an overview of companies active in the country's herbal, homeopathic and anthroposophic medicines sector. Germany is an established world leader in developing, testing and producing these medicines. Learn more about what sets German companies specialized in this field apart from their counterparts elsewhere: [More information](#) ▶
