The Machinery and Equipment Industry in Germany

Issue 2019/2020

The Machinery & Equipment Industry in Germany | © GTAI

Machinery & Equipment (M&E) is the second largest and most innovative industry sector in Germany. It is one of the technological motors that drive the country as a high-tech nation, and one which combines all of the key future technologies including electronics, robotics, materials, and software. Read more about the latest industry developments in our industry overview.
