

iXPOS – The German Business Portal

Logo of iXPOS | © Germany Trade & Invest

iXPOS, an already established name in the German foreign trade sector, has for many years been the information platform for German companies interested in entering foreign markets. The portal was initiated by the Federal Ministry of Economic Affairs and Energy in cooperation with members of the German Foreign Trade Service Network. Today, iXPOS has over 70 members, including government institutions, industry associations, Chambers of Industry and Commerce as well as embassies and international organizations that promote foreign trade between Germany and the rest of the world.

The iXPOS Portal offers the traditional German section called "[Ihr Geschäft im Ausland ▶](#)" for German companies looking for information on foreign markets, as well as an English section named "[Your Business in Germany ▶](#)", which is targeted to foreign companies hoping to tap into the German market. The new English section contains the merged content of the already known "German Business Portal", which was the platform offering information about Germany, its industry sectors, market entry requirements and supporting institutions.

The main feature of iXPOS is the **iXPOS Business Finder** (former iXPOS Export Community). The iXPOS Business Finder offers an interactive marketplace to manage business inquiries. Companies specifically interested in buying or selling their products as well as services or finding new business contacts can benefit by entering their offers on the new online marketplace, free of charge. Furthermore, registered members have the possibility of bookmarking interesting business inquiries or contacting potential business partners directly. If you log in to iXPOS you can profit from our expertise of doing business with Germany and a [strong network of partners ▶](#). Time to discover and see for yourself how iXPOS can help you with your business:
