

Sustainable Mining DMT GROUP

16th MiningForum 2022
For a sustainable Future
19th & 20th May 2022, Estrel Berlin

From coal in Bottrop to lithium in Canada and lanthanum in China.
From steel and oil to composites and batteries.
From sensors to expert systems to plant controls.
From German "coal authority" to international, customer-oriented
engineering and consulting service provider.

Tailing Monitoring in Chile for EIT Raw Materials/Anglo American

Introduction

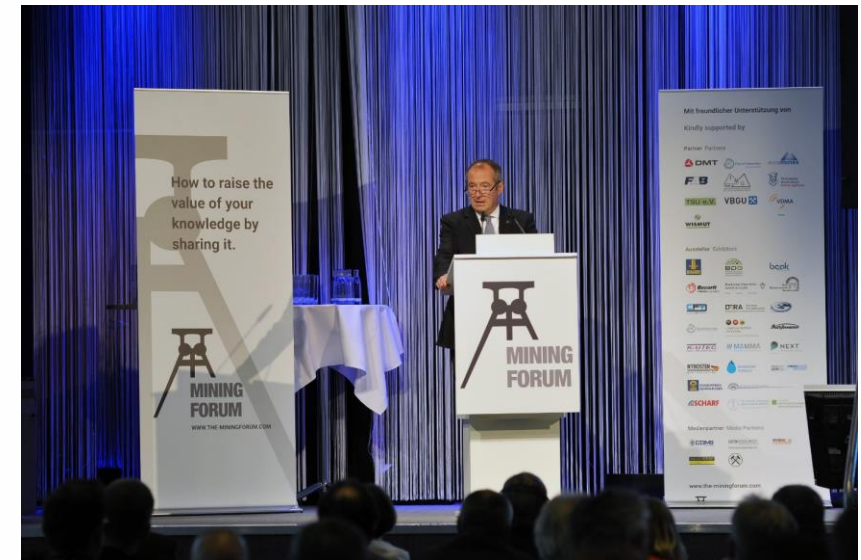

MiningForum & Exhibition - Changing with the times:

MiningForum has been bringing together **decision-makers, experts** and **specialists** from the industry every two years since 1991 for an intensive exchange with a focus on relevant topics in the national and international raw materials market .

The MiningForum with the **integrated trade fair** is the exclusive mixture of **political interaction, exchange of current important topics** and **intensive networking**. The conference comprises plenary sessions, panel discussions and evening events.

Objectives:

- National & international branch meeting
- Mining Hub for international knowledge exchange and presentations: practical examples and innovative projects at a location in the center of Europe
- Participation of industrial and institutional partners

Welcome speech 2019 of the Parliamentary State Secretary Oliver Wittke, BMWi

Expected Facts & Figures

- Approx. **400 participants**
- **40 exhibitors**
- **> 60 lectures, 3 parallel sessions** (English lectures, German lectures with simultaneous translation)
- Approx. **20 % internationality** (> 23 Nations)
- Comprehensive **panorama view of various complex topics** related to raw materials:
 - Sustainability
 - Future Mining
 - Digitalization
 - Post Mining
 - Ground Control
 - Exploration
 - Radioactive Waste Disposal

Country Partners:

Welcome speech 2019 of Baldo Prokuriča, Minister of Mines of the Republic of Chile
