

Dr. Robert Hermann

Dr. Robert Hermann has been CEO of Germany Trade & Invest (GTAI) since February 2018. From November 2014 to January 2018 he directed the Marketing and Communication department of GTAI, having previously overseen the Investor Consulting department since GTAI's founding in 2009.

Between 2004 and 2008 Dr. Hermann was an investment consultant, initially for the new federal states and later for all states, in the offices of Invest in Germany, GTAI's previous incarnation.

Prior to that, he was a corporate consultant at JSW Management Consulting, with a specialization in the business services and within the development and internationalization of a chemical industry location within the new federal states.

Dr. Hermann holds the academic distinction of Doctor of Engineering from the Rhineland-Westfalen Technical University of Aachen.
