

HEALTH in EU EXTERNAL ASSISTANCE PROGRAMMES

Health projects in Morocco : How does it work ?

Presentation of José Roman LEON LORA
Head of Section for Social and Rural Development

1. Introduction

1.1. General political framework: Neighbourhood Policy and Action Plan

1.2. Indicative National Programme for Morocco 2007-2010: Enhancement of the Social Dimension

2. Health in the EU Technical and Financial Cooperation with Morocco

2.1. The Bilateral Instrument (ENPI) 2007-2010:

- * The Programme for the Support of Basic Health Insurance in Morocco II
- * The Sector Wide Approach Programme on Health
- * Support Programme for the Implementation of the Association Agreement:
 - i) Institutional Audit to the *Institut National d'Hygiène*
 - ii) Institutional Support to the *Institut National d'Hygiène*
- * The Support Programme for the Reform of the Public Administration

2.2. Other initiatives

3. Implementation Modalities of the Budget Support Programmes on Health in Morocco

3.1. Preconditions for the Signature of the FA and/or for the initial Disbursement

3.2. Indicators and Disbursement of intermediary Tranches.

3.3. TA Provisions for the Support of the Policy Implementation

3.4. TA for the follow up of the Programme Implementation

3.5. Studies and surveys

4. Some preliminary Conclusions

4.1. Enhancement of Policy Dialogue with the Partner Government

4.2. Amelioration of the Sector Knowledge and Analysis by the EU Services and better strategic Approach

4.3. Increasing Coordination between Donors (especially with other EU Member States) and better Identification of Complementarities between financed actions by the EC and other Donors:

- * Increasing coordinated Activities
- * Thematic Group on Health
 - * Launch of Potential Joint Programmes with other Donors

4.4. Flexibility and pragmatism in the Evaluation of some of the pre-conditions, especially for the Sector Wide Approach Programme
