Medical Technology Clusters in Germany

We provide a countrywide overview of selected clusters and networks on regional and state-wide level. The vast majority is recognized by the national "go-cluster" excellence program in accordance with the guidelines of the European Cluster Excellence Initiative (ECEI).

Interested companies are welcome to join one or more clusters regardless of geographic location. The map illustrates the location of the clusters. The numbers refer to the corresponding numbers in the table on the right.

Innovation Clusters Survey: Fact Sheet

Key networks topics:

#1: Digital Health, Diagnostics

#2: Implants

#3: Minimally invasive surgery, cardiology, rehabilitation and assistive technologies
